Environmental Policy Statement

As an organisation we will:

- Endeavour to prevent pollution, reduce waste, encourage recycling, reduce energy consumption, reduce noise pollution and reduce the use of non-renewables through our business decisions and consulting activity.
- Monitor and examine our environmental performance and implement continuous improvement.
- Meet the requirements of all relevant environmental legislation
- Provide training and encouragement to our employees to develop environmentally responsible behaviour and awareness.
- We will actively seek to source products and materials that are sustainable and recyclable and advise our clients of the impact of client specified materials, offering advice on alternatives.
