

N.E.J. STEVENSON
DESIGNERS & MAKERS OF FINE FURNITURE

CPD Presentations

We offer CPD Presentation that cover a range of topics:

- **Material Selection:**
Understanding how the selection of different cuts and species of tree affect the look and usability of solid timber and veneers. How to avoid specifying the wrong material in respect of suitability, availability and specification. Understanding different manmade boards, their applications and sizes and a brief look at surface finishes
- **Sustainability:**
An introduction to the complex world of certification, what it means, how it affects you and some of the common mistakes made in specification documents, followed by the good news that it's a lot simpler than you think.
- **How to Save Money on Specifying Joinery:**
This session will help you to avoid the early errors that result in high costs by understanding standard material sizes and the elements of a project that add to cost
- **Working with sub-contractors:**
An essential guide to selecting the right company for your project and what type and level of information is required for costing as well as what is expected from both parties and the consequences of change and indecision.
- **Introduction to NEJ Stevenson Ltd:**
An entertaining story of the journey from redundancy to being one of the sectors best companies with plenty of lovely pictures.

Or we can tailor the presentations to suit your business needs.

Josh Parrot Quantity Surveyor from Paragon had this to say about NEJ Stevenson CPD presentation:

"Neil from NEJ Stevenson Ltd was very informative and the Cost Management team were very impressed with the level of detail and quality of work produced by NEJ over the years. It was a very engaging CPD and beneficial to the team, this being on request we asked Neil to adapt his presentation to include a pricing exercise that is always of interest to Quantity Surveyors. Thank you for your time and we look forward to seeing more of NEJ's excellent work on future projects!"

We can conduct the CPD presentations at our facilities in Rugby, which incorporates a tour of the workshop or, we can come to your offices.
